

Have You Ever Wanted To Be Free Of Pain And Feel More Energy Than You Ever Thought Possible?

There Is Hope. I Want You To Help You Break Free Of Your Pain And Stress Forever...
You Are Invited To Experience A Shift To A New Dimension Of Lasting Peace And Renewed Energy.

Can you remember what it feels like to wake up refreshed, bursting with energy and enthusiasm, knowing you have the freedom to do anything and feel totally in control of all facets of your life?

As I mentioned, this document is a message of hope for you. Many years ago I was in the same state you are now. It was only after years of researching, studying, and trying any treatment available that I found a combination of methods that helped dragged me from the depths of despair of emotional and physical pain.

My healing was a journey of emotional and physical cleansing that gave me my life back. I found that the emotional blocks that kept my body in a toxic and stressed state were only released by energy healing and kinesiology.

Some people who have suffered most of their lives and become considerably worse with age, may have an expectation that their health can be restored overnight. When these clients come to me, they may get profound results in the first visit, however, taking a gradual natural approach of de-stressing the body so it can innately heal itself, is often the way forward to a permanent solution.

The fact is that **stress and toxins make you sick and often overweight.** When your body is toxic, toxins hide and embed themselves in your organs, glands, body fat and cells. Toxins can cause pain or disease. **This is a big reason why some people find it difficult to get well - your body is simply not functioning properly.** A toxic body is a body that is in pain, unwell and tired. Your state of your health is often a pattern that is also reflected in your relationships, your finances, and your emotional states.

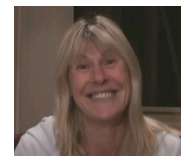

My aim is for you to achieve balance and harmony in every area of your life.

I am here to lead you on a direct course to wellness and for your life experience to be relaxing and rewarding. I am looking forward to being part of your healing journey!

When you choose to participate in my cleansing program and/or enjoy regular treatment as a Quantum Healing member, I guarantee that you will experience the joy of waking up with energy; more energy than you can imagine to achieve all of your dreams... so let's get started.

What My Clients Say

"...I was a mess, worried about my future, I had low self esteem and with the help of Marisa I am a completely different person today. I would not recognise myself two years ago! ..."

Bronwyn Lang, Cheltenham, Australia

"I saw Marisa twice for an incredibly painful shoulder/arm. She quickly pin pointed the exact cause of the issue and proceeded to clear the energy surrounding it. Following her advice I changed my dietary habits and water intake and now, 2 weeks on, I am virtually pain-free. Not bad considering I had spent the previous 3 months in agony and had seen just about every therapist under the sun. I am indebted to Marisa and cannot recommend her highly enough."

What My Clients Say

"I would like to thank you times a million as you have helped me and changed my life in my first session with no medication. I used to suffer with severe anxiety and panic attacks as well as a few unnamed, unresolved medical conditions that use to control my life! I have been to specialists, doctors, hospitals and no one could help me until I have found you! I used to take up to 10 tablets a day, now I take nothing but multi vitamins! Already my quality of life has changed. I can see that 2009 is going to be 100 times better then 2008! I became very anti social and hated going out because of these medical issues now I'm ready to take on the world! I highly recommend everyone see Marisa, her positive attitude and glowing persona calms me down, the minute I walk in to see her. I will be forever grateful to you and I cant wait for my next session! Thanks soo soo much."

Nikki Borg, Cranbourne, Australia

"I finally feel I am on the right path to achieving good health after years of pain and misery and look forward to more sessions with you. Many thanks Marisa!"

Tiffany Lee, Malvern, Australia

"Hi Marisa - thank you so much! Just wanted to let you know that after 4 years of constant pain in my jaw and headaches I woke up today for the first time with no pain and I feel fantastic. I had so much energy that I went for a 3km run. Thank you again!"

Some Of The Things I Do For You In The Program & Membership

Quantum Healing Sessions: As a Master Healer, I apply healing energy to areas of physical and energetic imbalance to assist your body to restore it's natural, healthy state. I have an acute intuition and physical response to energy which allows me to identify and treat your condition in a prompt and skilful manner using a range of healing modalities, including....

Advanced Kinesiology which uses muscle testing (bio feedback) to 'read' your body to...

1. Identify the cause(s) of your condition - physical, nutritional, spiritual or emotional... then
2. Correct your energy blocks by using energy healing techniques to release your stress, pain, disease, unhappiness, etc..

Avatar Bio-Feedback Analysis And Energetic Remedies: Sometimes clients prefer to see on a computer screen possible imbalances in the body and the cause. Avatar non-invasive technology shows over 30,000 conditions related to your biofeedback testing. It gives a good overall picture of your general well being and checks for allergies, reactions to chemicals and pesticides, viruses, bacteria, heavy metals (including mercury), dental materials, radiation, parasites, and more. You receive an informative computerised printed report with the results of all consultations and two treatment remedies - one for inverting the cause of the problem and the other supporting the body for elimination.

Miscellaneous Treatments: Tri-Vortex Green Laser - hydrates and restructures cells. Bush flower essences - balance emotional energies. Aura soma - uses colour and essences to match the frequency necessary for healing. Essential oils - other frequencies used for healing.

Jaw Alignment Workshop: When the jaw is out of alignment either through stress, accidents, dental work etc., it can cause cascading health problems that travel all the way to the feet. This system balances the whole body.

Parasite Zapper Treatment: This treatment helps to kill parasites in the body which is one of the main causes of serious health issues.

Enar Treatment: Electro-stimulation to improve energy flow and a natural, enhanced and accelerated healing response in the body.

TriVortex Technology: Ideal to balance energy across all of the body, relieve pain, stress, discomfort and protect from harmful electromagnetic radiation. Fabulous for improving the state of water and combining with pure sea salt to speed detoxification.

Colon and Parasite Cleanse: We supply you the best natural bowel and parasite cleanse available. Shipped all the way from the USA. This is similar to having a colonic irrigation without the expense or discomfort.

Cell Oxygenator: A proprietary water-splitting technology that provides a powerful stream of bio-available oxygen plus 129 nutrients directly to the cells.

Broken Cell Chlorella (Organically Certified): This is the most powerful blue green algae food; the most effective way to remove mercury from the body. It will also assist the elimination of other heavy metals whilst simultaneously building the immune system and supplies nutrients and enzymes that the body needs.

Zeolite Powder: An amazing natural mineral that eradicates toxins from the body. It is easy to drink and can be placed directly on areas of pain.

Detox Information: I will share critical detoxification intelligence with you. For example, I will share a great technique for cleansing your liver and gall bladder.
